# Hosting for the next level..

## About Us

Monitored 24/7 by our technical support staff, we can offer a minimum 99.99% network connectivity guarantee for your colocated servers.

Core routing is located in Telehouse and Equinix LD8 with peering at over 500 other UK networks. All with 160Gbps of DDoS protection capacity.

### New Data Centre

Designed specifically for 100% uptime with space for over 1000's servers on our BGP MPLS network

### Latest Technology

Intelligent PDU's  
Latest Juniper network, crac aircon units and Riello UPS systems

### Cloud Based

Deploy your cloud infrastructure with us. Colocate your cloud self-hosting systems with us and save.
